

Showcase Request Form

As part of the Electric Utility Industry Sustainable Supply Chain Alliance's (Alliance) goal to promote sustainability in the industry's supply base, suppliers to the electric utility industry are being provided an opportunity to showcase their sustainable business operations, products and/or services at the sixth Utility Alliance Sustainability Forum.

Suppliers' showcased operation, product or service will go through a set of pre-established evaluation criteria by Alliance representatives prior to approval.

Each supplier will pay a fee of \$995. This fee includes one(1) registration to attend the educational sessions, receptions, breakfast and lunch. The display set up will include a 6' table covered, two chairs and a trash can to participate. Electricity is at an additional cost.

Submitted showcased operation, product or service will be reviewed for:

- Quantified reduced environmental impacts
- Cost savings
- Length of time that impacts/savings captured
- Innovative ideas

Preference will be given to operational practices, products or services which conserve multiple resources (water, air, land, and/or energy) in their creation, use or practice. **Note:** *Suppliers who wish to display based on their participation in an energy audit, environmental assessment or LEED certification without implementing identified savings opportunities will not be approved for display, unless other sustainable best practices exist.*

Request to showcase must be received prior to Friday, August 24 for consideration. Space is limited. Approvals or denials are considered final and in some cases, may be based on space limitations or other venue based criteria.

Company Name:	
Contact:	
Email:	Phone:
Mailing Address:	
City/State/Zip(Postal):	Country:

The company will be displaying:

Sustainable product Sustainable service Sustainable business process

Please Describe:

How do your products (or services) demonstrably improve a company's sustainability profile (energy, water, waste, emissions, toxics load, etc.)?

Please provide information that quantifies the value of the product/-(environmental, financial, health, safety, operational, etc.)

What will you be displaying? (product brochures, the actual product)?

Who do you plan to attend for your company?

(For additional registrations, not included in the Showcase cost, there is a fee of \$495 per person and should be included in this transaction)

- 1.
- 2.
- 3.

I agree to the policies outlined on the Policies and Information page and agree to showcase the above product/service/process at the September 26-27 Alliance Sourcing Conference at the Hilton Scottsdale Resort. The information shown above is accurate and may be published by the Electric Utility Industry Supply Chain Alliance relative to the Sourcing Conference.

I agree to pay \$995 for the Showcase opportunity. Below is my credit card information. A receipt will be sent to the email address shown above. Complete the information below, if billing address for the card is different than what is shown above, please add in the space provided.

Once the completed application has been received; a link for registration and payment will be provided.
